The following areas of School Committee operations and relationships are representative of those in which objectives may be set and progress appraised:

1. Establishing and following policy
2. Communication with the public
3. School Committee - Superintendent relationships
4. School Committee member development and performance
5. Policy development
6. Educational leadership
7. Fiscal management
8. School Committee meetings
9. Performance of subcommittees of the School Committee
10. Interagency and governmental relationships

When the Committee has completed its self-evaluation, the members will discuss the results in detail and formulate a new series of objectives. At the same time, the Committee will set an approximate date at which the next evaluation will be conducted.
